

Abdul Mateen

Fresher

9176151168 ◇ a.m.mateen08@gmail.com ◇ Chennai, Tamil Nadu, India ◇ Portfolio ◇ LinkedIn ◇ GitHub

SUMMARY

Fresher with **internship experience in enterprise networking** (OSPF, BGP, VLANs, ACLs, NAT/PAT, VPN), **infrastructure administration** (Windows Server, Linux, VMware ESXi), **AWS cloud fundamentals**, and **Python/SQL data analysis**. Worked with real-world datasets (10K+ records) and **enterprise-scale network topologies**, delivering **optimized, scalable solutions** across networking, full-stack development, and IoT-enabled systems. Seeking an entry-level role in **network engineering, systems administration, or IT infrastructure**.

EXPERIENCE

- System Design Associate Trainee** Jun '26 — Jul '26
Trainocate Networks India Pvt Ltd Chennai
- Designed and configured **15+ enterprise network topologies** using **RIP, OSPF, BGP, VLANs, NAT/PAT, ACLs, VPN, and network security**.
 - Managed **Windows Server, Linux, and VMware ESXi** with **AD, DNS, DHCP, IIS, and FTP services**.
 - Achieved **95%+ lab success** in **enterprise networking, virtualization, and infrastructure troubleshooting**.
- Cloud Services Intern** Jul '25 — Aug '25
Digital Track Solutions Pvt Ltd Chennai, India
- Configured and managed **3+ AWS services (EC2, S3, VPC)** to support backend infrastructure in a **Linux environment**.
 - Orchestrated** access control and security configurations using **IAM and VPC networking**.
 - Assisted in deployment workflows and troubleshooting, **reducing system downtime by ~20%**.
- Data Analysis with Python and SQL Intern** Oct '25 — Nov '25
NSIC Technical Services Chennai, India
- Built **data models and visualizations**, increasing reporting efficiency by **~30%**.
 - Cleaned and analyzed 10,000+ rows of real-world data using **Python (Pandas, NumPy) and SQL**.

EDUCATION

- B.Tech in Information Technology**, Meenakshi College of Engineering (GPA: 8.3) '22 — '26
Chennai, India
- HSC in CBSE**, Al-Hira Model school (GPA: 84.3%) '21 — '22
- SSLC in CBSE**, Al-Hira Model school (GPA: 90%) '19 — '20
Chennai

CERTIFICATIONS

- Cloud Services Internship**, Digital Track Solutions Jul '25
- Python Pro**, Udemy Aug '25
- UI/UX Designing in Figma**, Cybernaut Mar '24
- Adobe Photoshop**, Cybernaut May '24

PROJECTS

- Cardiac Guard Ai** | Next.js, TypeScript, ESP32, Supabase, IoT, AI/ML | [Link](#) '26
 - Developed a **real-time IoT-based cardiac monitoring system** for **live heart-rate tracking and monitoring**.
 - Built **REST APIs** and **AI-based anomaly detection logic** to classify **cardiac conditions** and enable **real-time alert processing**.
 - Implemented **signal filtering, threshold-based pulse detection, and WiFi-based data transmission**, improving **BPM monitoring stability** and **end-to-end system reliability**.
- Shopping Mall Management System – Full Stack Shop Owner Module** | [Link](#) '25
 - Engineered with **React** frontend, backend using **Spring Boot with REST APIs**, handling multiple **CRUD operations** across **5+ entities**.
 - Tested **APIs using Postman**, achieving **100% functional validation** across endpoints, and enhanced system performance by **~20%** through **optimized backend logic and query handling**.
- Hospital Management System**, Java, MySQL, HTML, CSS | [Link](#) '25
 - Built a **Java-based system** that automated patient records, reducing manual effort by **30–40%**.
 - Streamlined operational efficiency by ~30%** via automated record management, while integrating **data validation and CRUD operations** to improve **data accuracy and system reliability**.
- UI/UX Design Case Studies (Figma)** | **Mobile & Desktop** | [Link](#) '24
 - Designed **5+ high-fidelity mobile and desktop UI prototypes** using Figma.

- Achieved **90%+ mentor evaluation score** for design quality and user experience

SKILLS

Networking : OSPF, BGP, RIP, VLANs, ACLs, NAT/PAT, VPN, Network Security, Enterprise Network Design

Systems and Virtualization : Windows Server, Linux, VMware ESXi, Active Directory, DNS, DHCP, IIS

Programming : Python, Java, HTML, CSS

Frameworks : Spring Boot, React

Databases : MySQL, MongoDB, PostgreSQL, Supabase

Cloud & Tools : AWS, EC2, S3, VPC, GitHub, Postman, Visual Studio Code, Terminal, Eclipse, Figma, Google colab

Data Analysis : NumPy, Matplotlib, Seaborn, EDA, Pandas, DSA, OOPS

Soft Skills : Communication, Project Management, Accountability & Ownership

Languages English, Hindi, Tamil, Urdu, Arabic

VOLUNTEERING

Volunteer – Bank Account Opening Camp

Meenakshi College of Engineering | [September, 2025]

Coordinated a **3-day financial awareness** drive, assisting **100+ students** in opening bank accounts.

Engaged and **guided** juniors, promoting financial awareness and ensuring smooth participation.
